Dear Parents and Members of the Graduating Class of 2018,

Your senior's formal portrait for the 2017-2018 yearbook needs to be taken in the next few months. Please make sure to take note of the criteria (below) regarding due dates, sizes, and attire. It is not mandatory to place your photo in the OHS *Wildcat* Yearbook, but should you choose to submit a senior photo, it must follow the criteria below. You are responsible for choosing your photographer and giving them this specification sheet. It is also your responsibility to make sure your photographer can meet the required deadlines.

If you are experiencing any financial difficulty, we have resources available upon request. Please don't hesitate to ask. We want EVERY SENIOR in the yearbook.

Deadlines, Poses and Photo Submission -

- **Photographer selection:** Contact a photographer as soon as possible. Make sure they can meet our criteria and deadlines. We have included a list of approved photographers on the final page.
- **Deadlines:** Your photos must be delivered no later than **December 8, 2017**. Photos submitted after this date might not be included in the yearbook or class composite due to pre-arranged dates with our publishing company.
- **Two Poses Required:** because of our efforts to create a warmer, more personal senior portrait section in the yearbook, we will use one casual photo for the yearbook. The other pose is a traditional formal pose (head and shoulders) which will be used for the class composite poster.
- **Photo Submission:** All photos must be submitted digitally via [dropbox.com](https://www.dropbox.com). To ensure the safety, and accuracy of your submission, you must submit your portraits by following the steps below:
 1. Visit the high school website <http://oxfordhigh.oxfordschools.org/>
 2. Select "Yearbook" from under the "Activities" button.
 3. Select the Submission form for the portrait you are attempting to send: formal or casual.
 4. Complete the form, filling in all the required fields. Once you complete the form, you will be redirected to dropbox.com. You do not need to make an account for dropbox.com. You will have to enter your name and a valid email address to complete the upload.
 5. Make sure your file name is properly formatted
