MESSAGE FROM THE PRINCIPAL

On behalf of the faculty and staff, I want to welcome you to another exciting year at Oxford High School. We are so excited to have you with us and look forward to sharing so many wonderful experiences together. We know we’re going to make this an amazing year!

What first defines us as a school of excellence is our amazing and talented students. We know we have the best students in Oakland County! You give our staff the purpose to come in and work hard to help you succeed—and you give us so much pride and joy when you excel at everything you do. Our mission is to help you become the best version of yourself. We dedicate ourselves each year to maximizing your potential, far beyond just the curriculum that we teach you. We ask for your dedication and commitment so that you can achieve the level of success that we know you’re capable of reaching.

What also defines us as a school of excellence is all of the opportunities our staff helps create for our students. There are very few schools in southeast Michigan that offer this quantity and quality of programs. We take great pride in our academics, athletics, fine arts, performing arts, career tech and the many clubs and activities that are available. Please take advantage of them. This diversity helps cultivate students who are ethical, kind and compassionate citizens—which helps our students’ social, emotional and personal development. So get involved, try new things and meet new people. Take yourself outside of your comfort zone at least once this year. It will enhance your experience and make your time here truly memorable.

Our staff feeds off your success, and you as our students rely on the opportunities we help create for you. We’re dependent on each other, and that is what makes us a family at Oxford High School. The relationships that we build and the connections we create help produce a positive and supportive school climate. Together we have created a culture of achievement and a culture where character matters. So work hard this year, set high goals and carry yourself with a high level of pride and commitment. You might be amazed at what you’re capable of accomplishing. But most importantly, have fun! You are never going to forget your time at Oxford High School.

Have a great school year! Go Wildcats!

Steven K. Wolf
Principal

EMERGENCY CLOSINGS AND DELAYS

If the School must be closed or the opening delayed because of inclement weather or other conditions, the information will be posted on the Oxford Schools website at www.oxfordschools.org and the District will notify radio and television stations. Students and parents may also subscribe to “Wildcat Alert”.

ATTENDANCE POLICY

Michigan School Code 15, Section 73 – Compulsory Education “Every parent, guardian, or other people in the State of Michigan, having control and charge of any child between the ages of six and sixteen years, shall be required to send such a child to the public school during the entire school year and such attendance shall be continuous and consecutive for the school year fixed by the school district in which such a child is enrolled.” State laws also require school boards and administration to be responsible for the whereabouts of students during school hours. The Oxford Board of Education believes that attendance is a cooperative effort between parents, students and the Oxford School District.

PARENTAL RESPONSIBILITY

1. Provide an attitude at home that school attendance is important and valuable to the student.
2. Be sure that their children will be in school every day.
3. Cooperate with the schools in correcting attendance problems.
4. Notify the 24-hour Attendance Line at 248-969-5130 before 3:00 p.m. of the day following the absence.
5. Make arrangements for materials to be sent home when the absence is more than two (2) days by contacting your child’s teachers & counselors by email or phone.
6. Students must be in attendance in school to participate in extracurricular activities unless the principal or designee grants prior permission.
7. Emergency contacts are housed in PowerSchool and are used for student information. This information must be completed online. Students will be released from school ONLY to the emergency contacts listed in PowerSchool.
8. In the case of a communicable disease (chickenpox, pink eye, mumps, etc.) the child will not be allowed to return to school without a note from the doctor.
9. If an absence is phoned in for medical reasons, medical and/or legal documentation may be requested upon your child’s return.

STUDENT RESPONSIBILITY

1. Be in class every day that you are physically able to do so, prepared to work.
2. Provide documentation for absences immediately upon return to school to the office.
3. Leaving the class is detrimental to student learning. In order to maintain safety and control over student movement within the building, a student must have his/her student planner/handbook with them at all times. The handbook provides a section to be filled in by the teacher that will allow us to monitor the students outside the classroom (hallways).

SCHOOL RESPONSIBILITY

1. Implement a plan that assures parents that we are a partner with them, which provides a regular system with follow-up.
2. Counsel parent and student as to the consequences of non-attendance.
3. Adhere to all legal requirements regarding the student’s rights regarding due process.
4. Recognize regular attendance as a worthy achievement.
5. Provide parents with materials in order to continue a student’s educational progress during a prolonged absence.

LEAVING AND RETURNING TO SCHOOL

No student shall leave or return to the building without first obtaining permission from the high school office. Each student is required to sign in and out at the office.

CLOSED CAMPUS VIOLATION

Oxford High School is a CLOSED campus. This means students are to remain INSIDE the building and in the assigned class during regular school hours. Students shall be excused to leave class or the building only through arrangements made with the Administrator’s office. Students requesting early dismissal must have their parent or guardian call 969-5100 requesting such release. The parent must speak with a person—no voicemail messages. In case of early dismissal due to illness or other non-arranged dismissal, the office will contact the student’s parent or guardian for permission to release the student.

Once permission for early dismissal has been received, the student MUST come to the office to sign out. Students who leave class or campus without receiving permission by a parent, regardless of the student’s age, will be considered truant and subject to the discipline policy.

The lunch period is a part of 4th or 5th hour. Thus, a student who leaves campus without permission during the 4th or 5th hour will receive an unexcused absence and will be subject to the discipline policy.

ILLNESS AT SCHOOL
1. If a student gets sick during the day, he/she must secure a pass from his/her teacher to go to the office.
2. A student must NEVER leave the building to go home or to seek medical assistance unless directed to do so.
3. Only names listed on the contact cards will be called in case of an emergency.

REPORTING ABSENCES

In the event of an absence, the parent should call the 24-hour Attendance Line at 248-969-5130 before 3:00 p.m. of the day following the absence.

PARENT/GUARDIAN NOTIFICATION

Parents are encouraged to monitor their child’s attendance through PowerSchool. Parents are also welcome to contact the main office, the child’s counselor, or individual teachers should they have questions or concerns.

EXCUSED/UNEXCUSED ABSENCES

Excused absences are those accounted for through parent contact (248 969-5130) by 3:00 p.m. the day following the absence. All other absences will be considered unexcused with the exception of school-related absences. Missing more than ten (10) minutes of class will be considered an absence due to tardy unless accompanied by a pass.

PRE-ARRANGED ABSENCES

Although pre-arranged the staff and administration discourage absences, parents may arrange for their child to accompany them on a family trip. However, the student and parent must pre-arrange the absence with his/her teachers and make an appointment to meet with the school assistant principal to discuss the nature of the absence. This must be taken care of at least two weeks prior to the absence. Pre-arranged absence forms may be picked up at the time of the meeting. The student must sign the forms and parent, authorized by the assistant principal, signed by each teacher, and returned to the office. Parents and students should be aware that these absences count as part of the six (6) permitted during the SEMESTER and may result in loss of credit for the SEMESTER if the student goes over the 6 allowed absences.

TARDY POLICY

Students are expected to be in class on time every day. It is also expected that every teacher will have an effective classroom management policy that addresses tardies. Each teacher will designate on their syllabus what the definition of tardy is in their class (in the door, in-seat, gathering materials, tuning instrument, etc.). Failure to be at the designated area at the designated time will be considered disregard for the educational environment and will be disciplined accordingly. Teachers will administer disciplinary action such as warnings, parent meetings, and detentions. Continued disregard for the educational environment will be referred to the administration for disciplinary action which may result in suspension from school.

MAKE-UP TEST AND OTHER SCHOOL WORK

Student’s work missed due to an excused absence only must be completed to the satisfaction of the teacher. It is the student’s responsibility to contact each teacher to arrange for make-up of all work missed.

A guideline for make-up work is as follows:
1. One (1) day per missed day to make up work.
2. Tests and quizzes must be made up before or after school.
3. Students must see the teacher before or after school—not during class time to get make-up work.

Situations not resolved through the above guidelines will be resolved through a conference with an administrator.

ATTENDANCE INCENTIVE

All students absent from school three or fewer days per semester, and with no disciplinary actions at a “D” level or greater, OR no incidences of truancy as defined in the OCS Code of Conduct, OR a violation of Oxford Academic Honesty Policy, will be given the option of not taking final exams for classes in which they also meet one or both of the following criteria:
1. A minimum grade of 73% in the class, OR
2. A minimum grade of 65% AND no missing assignments or assessments in the class

Additional notes and clarification:
- Three tardies = 1 absence.
- The deadline for fulfilling criterion (a) and/or (b) is 5 school days prior to the end of the semester.
- Late work policies for each class, for the purpose of meeting the exemption requirement, will be established by departments and clearly communicated to students at the beginning of each semester.

Late work may be accepted for credit at the discretion of the teacher.
MEDICATION POLICY

Students that require prescription medications administered during the school day need to have a medication form on file signed by a physician before medications can be administered. Prescription medications need to be in a prescription bottle, with the prescription dosage clearly stated.

IMMUNIZATION POLICY

Each student should have the immunizations required by law or have an authorized waiver. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with state law. Any questions about immunizations or waivers should be directed to the guidance department.

PARENTAL INVOLVEMENT AT OXFORD HIGH SCHOOL

The Board of Education believes that durable and significant learning by a student is more likely to occur when there is an effective partnership between the school and the student’s parents/guardians ("parent"). Such a partnership means a mutual belief in and commitment to significant educational goals for a student, a plan for the means to accomplish those goals, cooperation on developing and implementing solutions to problems that may be encountered and continuing communication regarding the progress in accomplishing the goal(s).

Parental Involvement Plan
The Parent Involvement Plan for the District and the High School will include, among others, the following strategies:

- An Annual Report is presented each year for public review. Standardized test results are reviewed and sent home to parents. Educational Development Plans are created for each student detailing a student's projected career focus, educational outcomes, and course requests for the student’s four years of high school.
  - The Parent Involvement Plan will be sent home each year in the student handbook.
  - Results of student assessments are provided regularly through a variety of channels:

- Parent-Teacher Conferences are scheduled for each Semester. Those parents unable to meet during conferences may contact teachers and set up a mutually agreed upon time to meet. This dialogue continues through communication between parents and teachers via e-mail, websites, phone calls, and voicemail.
- Curriculum Night is held at the beginning of each year so parents may meet teachers and become acquainted with the curriculum at the school. Parents can request a meeting to view the curriculum.
- Parents also have the opportunity to access grades for their students through PowerSchool, which is updated weekly by teachers. Students have the opportunity to share their classroom work with their parents via HAiku and to meet with the teacher as needed. Additional parent meetings are scheduled on an as-needed basis, before or after school or during the teacher’s conference hour. Parents are also scheduled for Assist Team meetings when there are concerns with the student’s performance.
- At the beginning of each new class, teachers will give each student a course syllabus, detailing course objectives, classroom rules, etc.
- School newsletters and websites keep the school community aware of events, programs, and activities taking place in the building and offer opportunities for involvement. Major events scheduled are found on the district calendar. Three times during the school year, the district provides a newsletter to inform parents of events and news throughout the district at all levels.
- As part of the enrollment process, a language survey portion is included on the form. The ESL teacher assesses students to determine the level of services.
- Involvement in community programs allows the business community and the school administration the opportunity to establish positive partnerships.
- Tutoring is available by high school students through service and community hours.
- Involvement in booster clubs for extracurricular activities is available to all parents and community members.
The school, principal, teacher, and parent will work in partnership to maintain regular communication between home and school to provide the best education for the students.

Relationships with Parents
The Board needs parents to assume and exercise responsibility for their child’s behavior, including the behavior of students who have reached the legal age of majority but are still supported by the parent. During school hours, the Board, through its designated administrators, recognizes the responsibility to monitor students’ behavior and, as with academic matters, the importance of cooperation between the school and the parents in matters relating to conduct.

For the benefit of the child, the Board encourages parents to support their child’s career in school by:
- participating in school functions, organizations, and committees;
- supporting the teachers and the schools in maintaining discipline and a safe and orderly learning environment;
- requiring their child to observe all school rules and regulations;
- supporting or enforcing consequences for their child’s willful misbehavior in school;
- sending their children to school with proper attention to his/her health, personal cleanliness, and dress;
- maintaining an active interest in their child’s daily work, monitoring and making it possible for him/her to complete assigned homework by providing a quiet place and suitable conditions for study;
- reading all communications from the school, signing, and returning them promptly when required;
- cooperating with the school in attending conferences set up for the exchange of information of their child’s progress in school.

EDUCATIONAL DEVELOPMENT PLAN

All students are required to have an EDP which will be updated annually. Students are encouraged to work with their parents to design a four-year planned program for grades 9-12.

REGISTRATION FOR CLASSES

Beginning in January and continuing until March, counselors schedule class meetings to help students plan their schedules for the following school year. All students should consider their options for taking the required courses for graduation requirements and making elective choices to meet individual interests and need. After this information session, students take home their registration forms so that parents may review their child’s planned schedule. Together, parents and students should access the on-line course catalog and complete course selection sheet to pre-register for the appropriate classes. It is important that students, aided by their parents, choose carefully. Course offerings and staffing are based upon the requests made by students. IB, AP, and Honors Commitment forms must be signed by the student and a parent/guardian in order to be placed in such a class.

SCHOLARSHIP INFORMATION

College-related and Financial Aid and Scholarship information can be found at www.oxfordschools.org, though the OHS counseling link. Also, visit www.fastweb.com, where you can connect with an extensive database of scholarship opportunities. Any questions concerning this information, please contact your counselor.

Oakland Schools Technical Centers (OSTC)

OSTC offers career preparation programs for 11th and 12th-grade students in three-hour blocks of intensive, hands-on technical-vocational curriculum. Students attend half-day at OSTC and half-day at OHS. Applications will be due in the spring of the 10th-grade year.

On-Line Learning (21F)

Students eligible for this option may enroll in online courses in place of their seated courses. The deadline to submit a request is the same day for other course requests for the following school year and requires pre-approval by the Principal.

Pass/Fail

A pass/fail option is available to juniors and seniors only and is limited to a maximum of one credit. It must be approved by the administrator, instructor, parent/guardian and counselor before the fifth week of class. Some colleges may not accept pass/fail credit. If a student fails the class an “E” will appear on the transcript.

Work-Based Learning

Students gain competitive occupational skills based on business and industry standards through carefully supervised work-based learning. This program combines study in school with a part-time job that the student has already secured prior to enrollment in the program. Students may earn up to 2 credits.

Middle School Credits

Credit will be granted toward high school graduation for any student who successfully completes, prior to entering high school, a
State-mandated curriculum requirement, provided s/he completes the same content requirements as the high school subject area, and the student has demonstrated proficiency as defined as earning a 78% or better for the course, including the final exam grade. Any student who earns high school credit in middle school will have the credit and grade earned posted to their high school transcript. However, the grade earned will not be factored into GPA or ranking formula. An explanation of the policy will be noted on the student’s transcript.

**Test Out**
Credit will be granted toward high school graduation for any student not enrolled in the course but who has exhibited a reasonable level of knowledge of the subject-matter of the course and has tested out by achieving a seventy-eight percent (78%) or better on a final cumulative exam for the course, or if there is no final exam, through basic assessment used for the course, which may consist of a portfolio, paper, project, presentation, or other established means. The course will appear on the student's transcript with a “TO” designation for “Tested Out”. The class will not factor into the student's GPA or Scholar Ranking formula. Please note, the school does not provide textbooks for students wishing to “Test Out”. Students are allowed to attempt testing out twice before a “failure” is denoted on their transcript for a particular course.

**Dual Enrollment**
In an effort to meet student needs and interests, school districts have allowed their students to attend courses at local colleges or universities, in addition to their own high school. Effective April 1, 1996, Public Act 160 created the Postsecondary Enrollment Options Act which directs school districts to assist students in paying tuition and fees for courses at Michigan public or private colleges or universities, for students who meet all of the necessary qualifications.

The spirit of Postsecondary Options, or “dual enrollment” is that it is an extension of the high school’s curriculum, not a lateral supplement. Every effort will be made to fill a student’s schedule with appropriate courses from the Oxford High School curriculum before considering other postsecondary options.

To qualify, all the following conditions must be met:

1. Students in grades 9 through 12 must have qualifying scores on the following tests: PSAT, PLAN, SAT, ACT or other to be determined college placement assessments. See your counselor for your scores.
2. Students must be enrolled in both the school district and postsecondary institution during the local school district’s regular academic year and must be enrolled in at least one high school class.
3. The college courses must not be offered by the district. An exception to this could occur if the Board of Education determines that a scheduling conflict exists, which is beyond the student’s control.
4. The college courses cannot be a hobby, craft, or recreation courses; nor can they be courses in physical education, theology, divinity, or religious education.
5. Students are responsible for applying to the postsecondary institution. Acceptance is not guaranteed. Proof of registration in college courses must be provided to the high school counselor before the first day of high school classes each semester. Otherwise, the student will be enrolled in 7 courses at the high school, and the district will not pay any college tuition or fees for that semester.

**Please Note:**
- Students can earn both college and high school credit.
- Request deadlines: June 1, 2019 (for 1st semester 2019-20); November 1, 2019 (for 2nd semester 2019-20).
- Districts are required to pay the lesser of (a) the actual tuition charge, mandatory course fees, materials fees, and registration fees; or (b) the portion of the student’s foundation grant allowance, adjusted to the proportion of the school year they attend the post-secondary institution.
- Dual enrollment classes do not qualify for GPA added value points.

**NON DISCRIMINATION POLICY**
Oxford Community Schools does not discriminate on the basis of race, color, religion, national origin, sex (sexual orientation or gender), disability, age, height, weight, marital status or any other legally protected characteristic, in its programs, services or activities, including employment opportunities. The following person has been designated to handle inquiries regarding the nondiscrimination policies: David Pass, Assistant Superintendent of Human Resources, 10 North Washington Street, Oxford, MI 48371, (248) 969-5004.

**SPECIAL EDUCATION**
Oxford High School provides a variety of special education programs for students identified as having a disability defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the School wants the parents to be an active participant. To inquire about the procedure or program a parent should contact the Special Education Office at 248.969.5019 or your child’s counselor.

**AMERICANS WITH DISABILITIES ACT – SECTION 504**
The American’s with Disabilities Act (A.D.A.) requires the School to ensure that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals. Students with disabilities may be served within the regular education program with an accommodation plan developed by school staff. Parents who believe their child may have a disability that substantially limits the child’s ability to function properly in school should contact their counselor.

**STUDYING SKILLS**
A Student Who Studies:
1. Brings a notebook, paper, pen or pencil and other materials necessary to class.
2. He/she is an active participant in the classroom, listens well, takes part in discussions, and follows all classroom rules.
3. Asks questions if he/she doesn’t understand the discussion or has a problem.
4. Plans his/her work, schedules a time for homework each day and makes sure assignments are understood before leaving class.
5. It uses what is learned and sees how each subject applies to the others.
6. Strives to do his/her best, not just to get by.

How to study:
- Attitude is important – think positively and work independently. Seek help only when you have exhausted your own resources, then ask questions and use library resources.
- Learning requires concentration – keep your mind on what you are doing. It will take less time.
- At home, have a designated, well-lit, and quiet place to study. Students can expect homework in most classes daily.
- Read the entire assignment rapidly to grasp the basic content. Reread slowly to understand content, details, explanation, and directions. If the assignment is not written, make notes of your own and outline what you have learned.
- If the assignment is a long-term project, do a little of it each day and don’t let it go until the last minute. It will be easier and you’ll do a better job.

How to take a test:
1. Relax and forget other people.
2. Read the directions carefully and then follow them.
3. Read the whole test first to see what asked for and how to apportion your time.
4. Read each question twice before answering.
5. Think before you write.
6. Answer questions fully with information asked for—not what isn’t asked for.
7. Check your paper for spelling and grammar before turning it in.

A student failing to follow emergency procedures or teacher requests will be disciplined by administration. HOW TO CREATE A CLUB AT OHS

Add Details Here

NATIONAL HONOR SOCIETY

National Honor Society recognizes students who have demonstrated academic achievement throughout their high school career. To be eligible, Juniors and Seniors that have attended Oxford High School for at least one year must have a minimum 3.4 GPA to be invited for selection. If invited, students must attend a mandatory meeting where they will be given paperwork that must be completed. From this information, the NHS faculty council makes its decision on whom to invite for induction in the chapter. The following qualities must be demonstrated and evident in the paperwork: extracurricular activities, community service, leadership training and experience along with five faculty recommendations to support the candidate's character. Discipline is also taken into consideration. As a member of the NHS, students are expected to maintain their 3.4 GPA and perform a minimum of 20 service hours per semester as well as attend regularly scheduled meetings.

STUDENT CLUBS: [https://oxfordhigh.oxfordschools.org/activities](https://oxfordhigh.oxfordschools.org/activities)
EXPECTATIONS OVERVIEW

Please refer to the Oxford Student Code of Conduct for a comprehensive description of student expectations.

NOTE: Any amendments made to the Student Code of Conduct after the 2016-17 academic year will be posted on the District Website: www.oxfordschools.org

CODE OF CONDUCT

Each student is provided access to the Oxford Community Schools Code of Conduct at the beginning of the school year or when the student enrolls at the High School. The Code of Conduct contains policies adopted by the Board of Education for the governing of student behavior and the consequences for failure to adhere to these policies. The policies found in the Code of Conduct for high school students also cover school-sponsored activities, such as extra-curricular, social and athletic functions, local and out of town. While the Code of Conduct contains many of the rules and procedures at Oxford High School, students are expected to also follow the rules and procedures established in this student handbook and the informal rules and procedures established by the staff at Oxford High School.

Expected behaviors: Each student shall be expected to abide by national, state and local laws, as well as the rules of the school; respect the civil rights of others; act courteously to adults and fellow students; be prompt to school and attentive in class; work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race or ethnic background; complete assigned tasks on time and as directed; help maintain a school environment that is safe, friendly, clean and productive; and act at all times in a manner that reflects pride in self, family and in the school.

TECHNOLOGY - ACCEPTABLE USE POLICY

Prior to accessing Oxford School District technology, students and their parents are required to read the “Student Acceptable Use Policy Guidelines” and sign the “Student Technology Contract.” The guidelines were developed to promote the appropriate educational use of the technology that your tax dollars have so generously provided. Equally important are the student’s safety and well-being.

MISUSE OF TECHNOLOGY

Definition:
- Using one’s own or another individual’s password to access unauthorized computer files.
- Careless, deliberate or intentional misuse of technology to damage equipment and computer files.
- Waste of supplies and paper.
- Willful or intentional damage to the computer network, equipment or furniture.

Action to be Taken: Restitution, suspension, loss of privilege to access the computer network and equipment up through expulsion. Law enforcement authorities may be notified.

Use of the District’s Technology Resources, including access to the Internet, is a privilege, not a right. This policy shall apply to all students, teachers, administrators, and users of the Technology Resources who have access privileges through association with the District. Use of the Technology Resources entails responsibility and termination of this privilege, as well as other disciplinary or legal action, may result if this policy is violated or if another improper use is discovered.

It is the sole intent of the District that the Technology Resources will be used in compliance with the District’s curriculum, the students’ career development, and appropriate self-discovery. The District has not established Technology Resources as a public forum, either full or limited.

System security shall be protected through the use of passwords. Each user is responsible for maintaining the privacy of his or her password to avoid unauthorized access and/or inappropriate use. To protect the integrity of the system, the following guidelines shall be followed:
- Users shall not reveal their passwords to another individual.
- Users are not to use a computer that has been logged in under another user’s name.
- Users shall immediately notify the District if a security problem is suspected or identified.

The District’s Technology Resources shall only be used to access information related to the District’s curriculum. The District’s curriculum shall include, by way of demonstration and not limitation, a student’s course work, a teacher’s instructional program, and an administrator’s duties. The use of all technology is for educational purposes only.

ACADEMIC INTEGRITY POLICY

Philosophy
Throughout history, original ideas have paved the way for others to expand and build upon those ideas. While it is important to use others’
original ideas to push our ideas further, it is also important to give credit to those original sources. When students neglect to give credit to those sources, academic dishonesty is committed. Students need to ensure that work turned in as their own is indeed their own. The work must also include proper citations to avoid plagiarism. Oxford Schools recognizes the destructive nature of academic dishonesty and has created the following guidelines to help stop it.

Types of Dishonesty
Plagiarism: Using another’s thoughts, words, or work, in portion or entirety, and then representing that foreign material within one’s document as one’s own original work.
● Example: Student copies and pastes someone else’s published work without proper citations.
Collusion: Allowing one’s work to be reproduced, in portion or entirety, without proper and public citation and documentation.
● Example: One student allows another student to copy his/her homework.
Duplication: Submitting another’s work in its entirety as one’s own.
● Example: A student submits his/her sister’s work from two years ago. A student copies off another student’s test.
Invention: Creating information without history, support, or verification, and representing it as fact, either directly or through suggestion.
● Example: A student creates a source.
Manipulation: Refashioning legitimately-borrowed information through any degree of alteration or withholding so that a student’s argument appears more valid.
● Example: A student alters lab data to make it fit their argument.

Expectations of Behavior
Use of Translators: Translators are used to access new knowledge or learning, not to demonstrate what you know in an assessment. Translators should not be used during a test, quiz or writing assignment.
Use of Technology: Use of computers, cell phones, or other assistive technologies are not allowed unless directed by your teacher during a test or quiz. The use of computers for projects and other writing assignments should follow proper citation standards.
Testing Behaviors: Use of note, cheat sheets, classmates’ work, or other unauthorized resources during a test, quiz, lab, or on-demand writing is not allowed (unless specifically allowed by the teacher). To maintain the integrity of the assessment, students should not share or communicate test materials.
Collaboration Behaviors: Students working in collaborative groups on individual or group projects are expected to submit work demonstrating their own knowledge by following teacher guidelines and project expectations.

Penalties
Academic Dishonesty is considered a Category C in the Student Code of Conduct, and the consequences vary across steps, depending on occurrences and severity of the plagiarism committed. All offenses are subject to the student work in question receiving a zero, immediate parent notification, and a timely office referral. Students will have an opportunity to redo and submit an alternative assessment within a limited time frame. Once students submit the alternative assessment, the zero will be replaced with the score earned on the alternative assessment.

Standardized-External Assessments
All non-Oxford assessments will follow the policies dictated by the externally assessing organization.

ARSON
Intentionally setting a fire that endangers school property and its occupants will not be tolerated. Arson is a felony. Violation of this rule will result in the recommendation of expulsion and a police report.

ASSAULT
Physical Assault on a staff member may result in expulsion. Physical assault on a student, which may cause injury, will result in charges being filed and the student may be suspended and/or expelled. The school will have jurisdiction during the school day, at school activities, and when students are en route to and from school.

BULLYING
Repeated behaviors that are malicious and specific to intimidate or harass another person, which may or may not be because of that person’s race, color, creed, religion, gender or national origin, will not be tolerated.

COOPERATION WITH SCHOOL PERSONNEL
School staff is acting “in loco parentis”, which means staff is allowed, by law, to direct a student as would a parent. This applies to all staff, not just teachers assigned to a student. If given a reasonable direction by a staff member, the student is expected to comply. Violations of this rule will result in a minimum one-day suspension.
● Students must provide a current Oxford High School ID card to any staff member upon request. Failure to comply with this request will result in a suspension.
● By virtue of being a student of Oxford High School, each student agrees to abide by the rules of the school. All students shall comply with the requests of the administration, teachers and staff employees who have been employed the Board of Education. Any member of the faculty or staff, whether or not he/she is a direct control of the group, may make a request of any student. When a student does not comply with the law and/or school rules, the privilege of attending school and all school-related activities may be
revoked.

- Courtesy for every staff member (teachers, custodians, secretaries, aides, monitors, cafeteria staff, etc.) is expected from each student.

**CYBERBULLYING**

Electronically sending or posting messages or images which are intended to hurt, intimidate, harass, or embarrass another person, creating a hostile school environment, regardless of where or when the messages were sent may result in a discipline referral.

**DAMAGING PRIVATE OR SCHOOL PROPERTY**

Oxford Secondary Schools have created the following expectations:

A. Shorts or skirts must meet finger-tip length when arms are hung straight to the side.
B. Pants/shorts with rips/holes/mesh must fall below the finger-tip length when arms are hung straight to the side.
C. Low slung pants may not reveal undergarments, shorts, or boxers.
D. Shirts that are low cut, midriff-baring, open-back, or see-through may not be worn. Camisoles or undergarments must not be visible.
E. Outdoor clothing such as hats, hoods, coats, sunglasses, backpacks may not be worn in the building (small purses or string-bags are acceptable).
F. Clothing or accessories with messages suggesting drugs, alcohol, tobacco, sex or any other “image” deemed suggestive, offensive or disruptive by Administration may not be worn.
